

- BHUTAN - AN ANCIENT SOCIETY IN A MODERN WORLD

18 MINUTES LONG

Our Guides

Located on the eastern edge of the Himalayas, this is a land of monasteries, dzongs and dramatic topography, ranging from sub-tropical plains to steep mountains and valleys. We travel on *death defying* mountain roads, see village life and enjoy tea with locals.

Women wear beautifully colored fabric but the gypsies cover themselves in black. Only coming to town for festivals.
